

## Free Child Technology Safety Training

Understand Tech Smart builds awareness of the risk of Internet based technology and offers adults resources for prevention. The training is designed to educate parents and professionals who work with children about technology risks including predators, cyber bullying, sexting and Internet-based social networking sites such as Facebook, Twitter, Vine, Instagram, SnapChat.

This training is a **child abuse prevention program** of the Pennsylvania Chapter of Child Advocacy Centers and Multidisciplinary Teams . Funding for the program is from the Office of Juvenile Justice and Delinquency Prevention (OJJDP) with curriculum by Dr. Karen Paultet.

### Tech Smart Training Helps You Keep Children Safe on the Internet

Child predators use Internet sites to access personal information and lure children into danger.

Equip yourself with the awareness and resources allowing you to take the next step towards protecting our children.
